

What you get...

Should you care to sponsor all 36 and make this your exclusive phase of the project that would be amazing.

We just get word from Moses that another 20 have been requested! He says this will be the last set of beehives for Lendoiya before moving this beehive project on to the neighboring village.

Who would have thought the small honey bee as peacemaker between elephants and farmers could have such an impact?

Who would have thought that \$109.50 could do so much for so many?
